Title and Registration Procedures

You must surrender the original ownership document for your vehicle before you can title and register in Oregon. Here's what we must receive:

1. A completed and signed **Application for Title and Registration**, (Form 735-226). See #1 of instructions.
2. The out-of-state certificate of title, Manufacturer's Certificate of Origin (MCO), or other original ownership documents. You should provide whatever evidence of ownership you have including any foreign registration or title documents, MCO, military registration, etc. Ownership documents from different countries vary substantially. If the ownership document is printed in alphabetic symbols not common to the English language (such as Arabic or Japanese), a certified interpretation must be included.
3. Proof of an inspection of the vehicle identification number (VIN) and proof of compliance with the Oregon Low Emissions Vehicle (LEV) requirement, if applicable. See #2 of instructions.
4. DEQ inspection certificate, if applicable. See #3 of instructions.
5. Title, registration, county registration (if applicable), and inspection fees, made payable to Oregon DMV. If you are registering and need a temporary permit, you may submit your completed application, supporting materials and payment to a DMV office (if all is in order, you may be able to get plates or stickers at the office). See #4 of the "Instructions" section for how to calculate fees.
6. If the vehicle is from out of country, proof the vehicle meets U.S. federal safety and emissions standards or that the vehicle is exempt from those standards. In addition, a Certification of Liens on an Imported Vehicle, Form 735-6436, must be submitted with the title application. See #4 of the "Instructions" section for how to calculate fees.

PLEASE NOTE: If the vehicle is from another state or country and the documents indicate the vehicle was damaged, the Oregon title will carry a notation that the vehicle had previous damage. DMV may not issue an Oregon certificate of title when a junk title, junk certificate or similar ownership document is issued by another state or country. For information or alternatives for retitling the vehicle, contact the other state or country.

* IMPORTANT *

If a security interest holder (bank, finance company, etc.) is holding the vehicle title, send them all the completed documents and fees with the "To Security Interest Holder" letter (Form 735-6603L). The letter asks the security interest holder to send the outstanding title, completed documents and fees to Oregon DMV, 1905 Lana Avenue NE, Salem OR 97314.

All documents and fees must be returned TOGETHER. If you mail your application to DMV without the title, it will be returned to you unprocessed.

INSTRUCTIONS

1. Complete the Application for Title and Registration (Form 735-226) with the following:

Lines 1, 2 & 3. Fill in the complete vehicle description.

Line 4. Federal and State laws require that odometer mileage be disclosed at the time of sale for vehicles that are nine years old and newer. If your name is already on the out-of-state title as the registered owner, you only need to list the current mileage shown on the vehicle odometer. If you are transferring the current title into your name, the odometer disclosure must be completed on the title itself and signed by both you and the previous owner (seller) shown on the title. If the title does not have a place for both you and the previous owner to sign, the disclosure can be completed on a separate state-issued form. The following vehicles are exempt from providing the disclosure: vehicles that are not self-propelled, vehicles 10 years old or older, vehicles not equipped with an odometer when manufactured, snowmobiles, Class 1 ATVs, and vehicles with a manufacturer's gross vehicle weight rating more than 16,000 pounds unless registered at a weight of 16,000 pounds or less.

Line 5. Complete the registered owner or lessee name, customer number (Oregon driver license or ID card number), and date of birth of the person whose address will be used for all DMV mail regarding this vehicle. All owners shown on the out-of-state title must appear on the application if there is a security interest holder involved. If you want to add or delete a name to the Oregon title that is shown on the out-of-state title, you need to first discuss this with your security interest holder. They must supply us with written authorization. A release of interest is needed for any owner that is shown on the ownership document but not shown on the application.

INSTRUCTIONS (Continued)

Lines 6-7. List the address(es) for the owner shown on Line 5.

Residence Address: If the registered owner listed is an individual, they must provide their true residence address (where the owner primarily resides). If the owner listed is a business, the business address must be provided. If the owner listed is a lessee, the lessee's address must be shown.

Mailing Address: Complete the mailing address if you receive your mail at an address other than the residence address.

If the registered owner(s) is not domiciled in Oregon or is not otherwise eligible for registration in Oregon, the vehicle should be registered in the state in which the owner(s) lives or the home state of military record. Domicile means a person's home is in Oregon and the person intends to remain in Oregon or, if absent, to return to Oregon.

Lines 8-9. List any additional owners. For individuals, include the customer number (Oregon driver license or ID card number), if known, and date of birth.

Lines 10-11. One-time Mailing Address: If you would like the title and/or registration document being applied for mailed to a one-time mailing address (other than the residence or mailing address), you must complete Lines 10 and 11. Vehicle Address: Complete the address where the vehicle is **primarily** housed, located or dispatched from, if it is different than the residence or business address.

Line 12. If a registered owner has current or previous military service and would like DMV to send their name and address to Oregon Department of Veterans' Affairs (ODVA) for the purpose of receiving benefit information, the member or veteran must print and sign their name on this line.

Line 13. If the application shows joint ownership (two or more owners), please indicate by checking a box if you want survivorship. If no box is checked, no survivorship will be shown on the title. Survivorship means if one owner dies, the surviving owner only needs to show proof of death to release the interest of the deceased person. However, this does not mean that if one security interest holder dies, the owner has right of survivorship; it is only intended to be between registered owners and separately between security interest holders.

Lines 14-19. If you owe money on the vehicle, or the vehicle is leased, complete the security interest holder and/or lessor name and address on Lines 14-19. If the security interest holder/lessor listed is an individual, write their customer number and date of birth in the space provided. They must also provide their true residence address (where the owner primarily resides). If the security interest holder/lessor listed is a business, and you know the customer number DMV assigned to them, write it in the space provided. The business address must also be provided. If either party has a mailing address, other than the residence address, it must be provided also.

Line 20. If the application includes registration, and the vehicle is subject to financial responsibility laws, you must certify compliance with the law and that you will remain in compliance until the vehicle is transferred. This certification is made by signing the application. It is not necessary to provide your insurance company name and policy number at initial registration.

Lines 21-22. At least one owner or lessee must sign. If the application shows a lessee and lessor along with a security interest holder, the lessor must also sign (unless the security interest holder and lessor are the same). If a power of attorney is used for the owner(s), a power of attorney form must be completed with the vehicle description, the named attorney and be signed by the owner(s). The power of attorney should clearly state what authority is being granted. The power of attorney must be properly exercised on the application and attached to the documents. For example, John L. Doe has signed a power of attorney allowing Just A. Customer to sign for him. When exercising the power of attorney on the application, it should appear as follows: *John L. Doe by Just A. Customer, POA or Just A. Customer, POA*. By signing the application, you certify all applicable statements are true and correct.

2. The law requires Oregon DMV to inspect the VIN on all vehicles previously titled and registered out of state being titled in Oregon for the first time. The fee is \$7.

The vehicle may be taken to a DMV office for inspection. If the vehicle is out of state, it may be inspected by any law enforcement agency or, if you are in the military, by the military police, a provost marshal or a commanding officer. If the vehicle is in a state which does VIN inspections, an inspection form from that state's Motor Vehicles Division is acceptable. The \$7 fee, if done out of state, is not needed. Any differences in numbers on the vehicle and those on the documents must be resolved in the state where the vehicle was titled

INSTRUCTIONS (Continued)

before submitting the documents to Oregon DMV. If the vehicle is also subject to DEQ vehicle emission testing (see #3 below), DEQ may also be able to inspect the VIN.

DMV will not issue registration for model year 2009 or newer passenger motor vehicles with 7,500 miles or less on the odometer at initial Oregon registration, unless the vehicle meets the Low Emission Vehicle (LEV) requirements or is otherwise exempt. A check for the LEV requirement may only be performed by Oregon DMV, Oregon Dept. of Environmental Quality (DEQ) or an Oregon licensed dealer with the vehicle in their stock. The check will be done by reviewing the Manufacturer's Certificate of Origin (MCO) for new vehicles, or by performing an under-the-hood check to view the emissions control label on used vehicles. There is no fee to check for the LEV requirement. For additional information concerning compliance with the LEV requirement and exemptions, please visit DMV's website at www.oregondmv.com or call 503-945-5000. Electric, hybrid, lowspeed, and medium-speed electric vehicles are exempt from LEV requirements.

3. If you live within the Portland Metropolitan Service District or Rogue Valley I/M District, the vehicle's emission system must be inspected by the Dept. of Environmental Quality (DEQ) before you register your vehicle. A DEQ inspection certificate must be attached to the Application for Title and Registration. An information pamphlet is available by calling (503) 945-5000 or in the Portland area call (503) 299-9999. Call DEQ at (503) 229-5066 or visit the DEQ website at www.deq.state.or.us for more information.

FEES

4. Add fee A + B + C for Total Fee (see below). For instance, a typical passenger car or pickup fee would include the \$77 title fee, \$110 registration and plate fee, and \$7 VIN fee, for a total of \$194. If the \$7 VIN fee has been paid in advance, a fee of \$187 would accompany your documents.

A. VEHICLE TYPE

(Includes plate fee)

2-yr Registration fee

Passenger cars/pickups	\$110
Passenger cars/pickups (hybrid-powered or electric)	\$110
Motorcycles	\$60
Motorcycles/mopeds (hybrid-powered or electric)	\$55
Light trailers (8,000 pounds or less loaded weight)	\$98
Heavy trailers (over 8,000 pounds loaded weight)	\$22
Snowmobiles	\$10
Low-speed or medium-speed electric vehicles	\$110
Vans/pickups/trucks (over 10,000 pounds loaded weight)*	Based on fee schedule + \$24 plate fee
Travel trailers, campers*	Based on fee schedule + \$12 plate fee
Motor homes*	Based on fee schedule + \$24 plate fee

*Fee schedules are available at DMV's website and from DMV upon request. Complete "Weight/Length" on application (Form 735-226).

Note: Most new vehicles are subject to 4-year registration fees. Vehicle may also be subject to county registration fees.

B. TITLE FEE

Transfer or Replacement

Trailers over 8,000 pounds loaded weight, motor vehicles with GVWR over 26,000 pounds (except motor homes)	\$90
All other vehicles	\$77

Replacement and Transfer

Trailers over 8,000 pounds loaded weight, motor vehicles with GVWR over 26,000 pounds (except motor homes)	\$90
All other vehicles	\$77

C. VIN FEE

\$7

You do not need to pay the \$7 VIN fee if: (a) the VIN inspection has been done prior to this application (there will be an indication on your application (Form 735-226) that the inspection has been done and the fee collected); or (b) you attach the Vehicle Identification Inspection Form that has been completed by an authorized out-of-state agency.

Current series Oregon passenger, amateur radio, and custom plates may be transferred to another vehicle. The expiration date of the plate transferred remains the same. The "Remarks" portion (on the front of the Form 735-226) of the application needs to indicate the vehicle year, make and VIN from which the plates are being

INSTRUCTIONS (Continued)

transferred. The plate transfer fee is \$6.

Truck and bus plates can be transferred to a like vehicle, to be similarly used, but any difference in the registration weight between the vehicles must be determined and applicable fees must be paid.

A vehicle or combination of vehicles with a loaded weight of more than 26,000 pounds may be subject to Oregon's weight-mile tax and must register with Motor Carrier Transportation Division (MCTD). Call MCTD at (503) 378-6699 for information.

IMPORTED VEHICLES

5. You must have proof of compliance with U.S. federal safety and emissions standards for any vehicle where the ownership document submitted in support of an application for Oregon title was issued by a jurisdiction other than one of the United States, District of Columbia, or Puerto Rico.

Proof of compliance may be provided by sending DMV any one of the following:

- A Manufacturer's Certificate of Origin (MCO) that indicates the vehicle was manufactured for use in the U.S., meets U.S. federal safety and emissions standards, or other similar language.
- Proof the vehicle was previously titled or registered in the U.S., such as a previous registration card from Oregon or another state.
- For vehicles imported by the U.S. military or U.S. military personnel, a written notice or form issued by the U.S. military that states the vehicle complies with federal vehicle standards.
- An Oregon dealer may view the federal safety certification label and the EPA certification label affixed to the vehicle. A Dealer Certification of Compliance with Federal Emission and Safety Standards, Form 735-7290, must then be completed by the Oregon licensed dealer. The vehicle must have been from the Oregon dealer's inventory.
- An original letter from the manufacturer that clearly identifies the vehicle, including the VIN, and states that the vehicle was manufactured to meet federal safety and emissions standards.
- An original letter from the manufacturer that clearly identifies the vehicle, including the VIN, and states that the vehicle meets EPA standards and can be modified to meet federal safety standards. The letter must be accompanied with a certification that the vehicle has been modified and complies with federal vehicle standards. A Certification of Compliance with Federal Emission and Safety Standards, Form 735-7286, can be used for this purpose.
- A U.S. Customs and Border Protection Form CF7501 or CBP7501, Entry Summary, that contains a vehicle description, including the VIN, and an approval stamp or signature of an authorized U.S. Customs and Border Protection agent.

Since liens are not shown on titles/registration in most countries, you must submit a Certification of Liens on an Imported Vehicle, Form 735-6436. The form must be signed by the owner listed on the foreign ownership document or registration, not the new applicant, unless they are one and the same. If the owners shown on the foreign title or registration cannot be reached, the applicant may certify that the vehicle is free of liens.

To Security Interest Holder:

The registered owner of the vehicle described on the enclosed documents has moved to Oregon and applied for registration. By law, we cannot title or register a vehicle unless we receive the current certificate of title. The owner cannot register the vehicle in Oregon until you send us the title.

Please send us:

1. The **current original CERTIFICATE OF TITLE**.
2. The Application for Title and Registration (Form 735-226), which has been completed and signed by the owner. (See the attached title and registration procedures for instructions to complete the form.)
3. If you still hold an interest in the vehicle, your name, DMV customer number (if known), and address must appear on the application form as security interest holder.
4. Any necessary supporting documents, such as a power of attorney or release of interest.
5. A check or money order made payable to Oregon DMV, from either you or the registered owner, for all title and registration fees.

ALL DOCUMENTS and FEES must be submitted TOGETHER in the enclosed envelope to avoid delays in processing. Please make sure that the Application for Title and Registration (Form 735-226) has been completed to show the ownership you want shown on the Oregon title.

The Oregon title will be mailed directly to the security interest holder shown on the application. The registered owner will receive only the registration card.

If you no longer hold an interest in the vehicle, you must enclose either the signed-off title or the title with a signed statement that includes the vehicle identification information releasing your interest. The signature for a business must show the name of the business and the signature of a person authorized to sign for the business.

The vehicle described is currently being operated in Oregon on a temporary basis. Oregon only allows the purchase of two (2) 21-day trip permits within a 12-month period. **The registered owner is depending on your prompt reply.**

NAME AND ADDRESS REQUIREMENTS

DMV uses a customer based file. This enables us to link all types of DMV records together for a customer. It is important that you use your customer number and the same name when conducting business with DMV. In the case of individuals, the person's date of birth (DOB) is also important.

Customer Number for Persons: Your customer number is your Oregon driver license (ODL), Identification card (ID) or instruction permit number. Use that number on the application. If you do not have an ODL, ID card or instruction permit, DMV will assign a customer number to you when the application is received. You must use your true name on all business you conduct with DMV. This is the name you have established on your ODL, ID card or instruction permit.

Customer Number for Businesses: If you know your customer number for your business, list that number on the application. Businesses must also use the same name in all business they conduct with DMV.

Residence or Business Address: Provide the address where you primarily reside. If the owner listed is a lessee, the address of the lessee must be shown. For a business, you must provide the address of the business.

Mailing Address: If you receive your mail at an address other than the residence or business address, complete the mailing address on Lines 6 and 7.

Vehicle Address: If the vehicle is primarily housed or dispatched from an address that is different than the residence or business address, complete the vehicle address on Lines 10 and 11. Business owners—be careful not to confuse the vehicle address with your business address or mailing address.

One-time Mailing Address: If you would like the title and or registration document mailed to a one-time mailing address (other than the residence, business or mailing address), you must complete the area on Lines 10 and 11.

Change of Address: Only the address listed for the owner shown on Line 5 will be changed if it is different than what DMV records show. **The address will be changed on both the vehicle and driver record. Individuals will receive an address change sticker for their ODL, ID card or instruction permit.** Additional owners listed on Lines 8 and 9 must complete a *Change of Address*, Form 6438, and submit it separately, or change their address online at www.oregondmv.com.

Work Address: If any person listed on the application has a work address on file with DMV: 1) for the owner, the person must be listed on Line 5 and the work address listed on Lines 6 and 7; 2) for the security interest holder, the person must be listed on Line 14 and the work address listed on Line 15. To change your address to a work address, you must be eligible pursuant to ORS 802.250 and complete a *Request for Police or Public Agency Address on DMV Records*, Form 6438A. To change your address from a work address back to your residence address, you must submit a new *Change of Address*, Form 6438.

RECONSTRUCTED / ASSEMBLED / REPLICA

Complete this section if the title was surrendered to DMV because the vehicle was an abandoned vehicle sold under ORS 819.220; wrecked, dismantled, disassembled, substantially altered; destroyed; totaled (for reasons other than theft) OR if the vehicle is assembled or reconstructed or a replica. I certify that this vehicle is **(CHECK ONE ONLY)**:

- ☐ A reconstructed vehicle whose body looks like the vehicle described on the front of this application; or
- ☐ An assembled vehicle whose body does not resemble any particular year model or make of vehicle (show year in which work was completed as "YEAR" of vehicle, and "ASMBL" in "MAKE" field on Line 2 of this application).
- ☐ A replica whose body is built to resemble and be a reproduction of a vehicle with the given year and make as described on this application.

I further certify that if the frame or unibody used in constructing this vehicle contains a vehicle identification number (VIN), it is shown on Line 1 of this application. **LIST OTHER VIN OR IDENTIFYING NUMBERS FROM OTHER MAJOR PARTS USED.** Major parts may be the body (if not unibody), engine, kit, or axles (if a trailer).
